

Align your company with a cause—fishable, swimmable rivers

Sponsoring the West & Rhode Riverkeeper enables you to reach this growing organization's 2,000+ supporters with a message that traditional advertising or promotion can not deliver.

Our membership includes not only year-round residents of Annapolis and Southern Anne Arundel County, but also many in the greater Washington, D.C., and Northern Virginia markets who own a second home on the waterfront or who keep their yachts at nearby yacht clubs and marinas.

Our members support us because our work promotes our common goal—making our local waterways clean and healthy. They know we are the only organization whose only job is to make the West and Rhode Rivers safe for our kids to go fishing, swimming, crabbing and paddling.

Your support will show that you share in that goal. We'll highlight your stewardship in the West & Rhode Riverkeeper email newsletter, on the website, Facebook page and other social media, on signage and in promotions and advertisements. Free event tickets also provide an opportunity for you to entertain clients or employees.

Invest in the West & Rhode Rivers

Whether you become a year-long sponsor or support one particular event, you will be showing our members that you share our cause: West & Rhode Rivers clean enough for our kids.

I hope you'll join us in support of our rivers.

Your Riverkeeper,

Jeff Holland
